Profile

Highly motivated Full-Stack Developer with a Bachelor's degree in Computer Science (Feb 2024). Experienced in building responsive and scalable web applications using React, TypeScript, Vite, Node.js, and MongoDB. Strong in teamwork, problem-solving, and delivering efficient solutions. Passionate about continuous learning and modern web technologies.

Professional Experience

Frontend Developer – Ministry of Innovation and Technology

January 2024 – Present | Addis Ababa, Ethiopia

- Developed and maintained responsive web applications using React.js, TypeScript, and Vite.
- Collaborated with cross-functional teams to deliver scalable and maintainable code.
- Integrated RESTful APIs and optimized application performance.
- Participated in Agile processes, stand-ups, and code reviews to improve communication and productivity.

Software Development Intern

January 2024 – January 2025 | Addis Ababa, Ethiopia

- Assisted in developing and testing software solutions.
- Gained practical experience in frontend and backend development.

Projects

1. Planning, Monitoring, and Reporting System (PMRS)

Developed for the Ministry of Innovation and Technology to enhance project tracking and performance evaluation. Built using React.js, TypeScript, and Vite with RESTful API integration and state management for efficient data flow.

2. City Administration Website (In Progress)

Developing a modern web application for a city administration using React.ts, TypeScript, Vite, and Tailwind CSS for the frontend. Backend implemented with Node.js, Express, and MongoDB to manage data and improve transparency.

Skills

HTML • CSS • JavaScript • React.js • TypeScript • Vite • Tailwind CSS • Node.js • Express.js • MongoDB • RESTful APIs • Git & GitHub • Teamwork • Problem Solving • Communication

Education

Bachelor of Science in Computer Science

February 2024

Certificates

- IT Support Service Level 1 & 2
- Database Administration Level 3

- Employability & Leadership (Talent Firm)
- Udacity – Programming Fundamental
